

Jammies from Grammies is a non-profit charity collecting **new pyjamas, personal care items, socks, underwear, books or cuddly toys** for children (0-18 years of age) in the Calgary area in need of warmth, comfort and sweet dreams.

As parents, and in my case a grandparent, we all know how important bedtime is to kids. I wanted to help deserving children in Calgary find the warmth, love and security they deserve by donating pyjamas to those who might go without. And by doing this they might have sweeter dreams and wake up to a brighter morning.

For most families in Calgary, you bath the kids and put them in nice fuzzy pjs in the winter and they snuggle up in bed and you know they are warm and safe. Sadly, many children don't have that comfort and security. They sleep in the same clothes they go to school

in. Many don't even have blankets on their beds.

We want to help change that and we need your help! **We are looking for new pyjamas for boys and girls ages 0-18.**

**"On any given night in Calgary more than 270 youth are experiencing homelessness"**

Boys & Girls Clubs of Calgary

A pair of Pj's is such a small thing to ask for but it means everything to kids who don't have them. And they are more than warmth ...they are security for many kids ...like a favourite stuffy.

We also accept **new personal care items, new socks, new underwear, new books and new cuddly toys.**

Please share and PLEASE help!
